I am interested in the following area(s):

- Regularly Scheduled Volunteer Hours:** This kind of volunteer would like to come in on a regular basis, working within their schedule. This volunteer will help with special events, 1-to-1 visits, activities, trips, etc. that are happening the day that they choose to volunteer.
Approximate number of volunteer hours per month: _____
- Helping with Activities when available:** This kind of volunteer does not have a set of a schedule – but rather will let the volunteer coordinator/activities director know when he/she is available for volunteering, and will set up those times prior to the time of volunteering.
- Special Events:** When special events occur, the volunteer coordinator/activity director would call the volunteers to assist with the special event – this kind of help can range from set up/tear down, using talents to lead activity, or perform (i.e. musical talents, dancing, etc.), or to help with the running of the event, in general.
- 1-to-1 visits:** Residents who do not attend at least 3 events per week will receive 1-to-1 visits to ensure that life enrichment occurs. Volunteers and staff will have access to a chart that explains what individual residents like, dislike, used to do, and other information to make the experience resident-focused and enjoyable for the resident.
- Regularly Scheduled Activities:** This volunteer option brings the volunteer to help with the implementation of regularly schedule activities such as bingo, crafts, and other leisure activities. If a volunteer has a particular talent (i.e. scrapbooking, photography, painting, etc.) he/she will have the opportunity to lead a class while working with the activities department to construct the class.
